Thank you for your interest in adopting one of our cats. Our goal is to find the best possible match for each cat, so every application is carefully reviewed to ensure the applicant can provide a safe, loving, and permanent home that meets the cat's individual lifestyle, behavioral, and medical needs. Due to the volume of applications we may receive, only those selected to move forward in the adoption process will be contacted, typically within a few days. Please note that submitting an application does not guarantee adoption, and we reserve the right to decline any application if we determine it is not the best fit for the cat.
